YSC ACADEMY

AN EDUCATIONAL EXPERIENCE LIKE NO OTHER

YSC Academy is the first of its kind, a soccer-specific sports high school, providing secondary education to student-athletes in grades 8-12, established in 2013. The school enables talented youth soccer players of diverse backgrounds the opportunity to pursue their passion to play soccer at elite levels while simultaneously obtaining a highly individualized, learner-centered, and rigorous college preparatory education.

YSC Academy employs a cutting-edge, responsive educational model specifically designed for adolescent learners that honors their minds and bodies and encourages their personal ownership of the educational process. Academy faculty and staff strive to align the latest research in the science of the brain and the science of the body with the end-goal of empowering students to become self-directed learners in the classroom, on the soccer field, and in all life pursuits.

YSC ACADEMY A COMMUNITY LIKE NO OTHER

YSC Academy's community is a special place, built on an ethos of trust, respect, commitment, hard work, and humility. The emphatic cultural emphasis on passion for learning is core to the school's identity and mission. Our student-athletes are encouraged to take ownership of their education by becoming passionate learners whether that is on the soccer pitch or in the classroom. YSC Academy student athletes do not learn just to get an "A" or just so they can make the "starting 11" – they learn for the sake of learning and this mindset is a powerful attribute that equips them to excel not just in school or soccer, but life.

YSC Academy student-athletes have a special gift of talent on the soccer field. We thrive to enrich the lives of every student in becoming the best version of themselves.

Our diverse community is made up of a variety of uniquely gifted individuals from different backgrounds. The variation of students-athletes at YSC enhances strong/positive character development- which is apparent both on and off the pitch.

THE LEGACY CAMPAIGN

Our students receive a life-changing chance to pursue a passion and grow as a person. Without ongoing generous financial support from community leaders, businesses and organizations, students would not have the opportunity to access and receive the educational experience offered at YSC Academy.

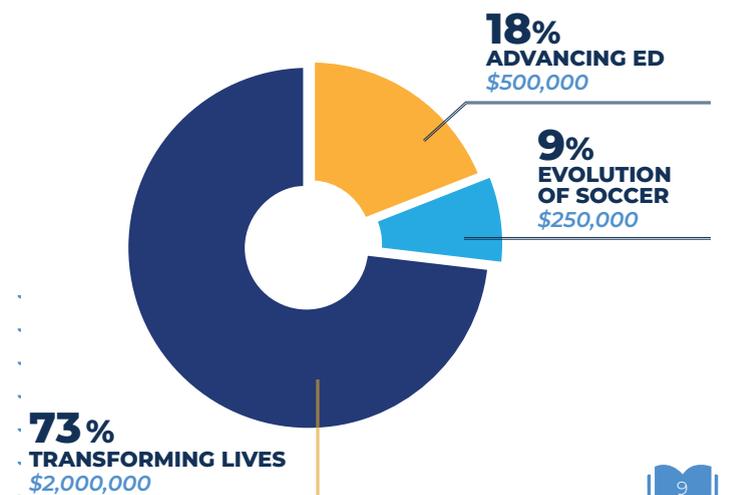

A new campaign designed to support YSC Academy's growing legacy of positive student outcomes and success, while connecting the greater community to the ongoing efforts and achievements of our students, faculty and staff.

YSC Academy is changing lives by providing student-athletes the opportunity to leverage their talent in soccer to receive a highly effective educational experience that prepares them for life beyond the pitch. The majority of YSC student-athletes would not have the opportunity to access and receive the private educational experience offered at YSC Academy without the financial support and generosity of our donors.
